

Summer Workshop

Smartphone Photography with Ann W. Miller

- Take better photos with your smartphone
- Edit photos: crop/rotate, brighten, increase/decrease contrast, change the color saturation, blur, shake reduction
- "Photoshop" out blemishes, unwanted backgrounds, etc.
- Manipulate photos: liquify, combine photos, cut out unwanted parts

In this workshop I will teach you all of this and give you time to practice, share, receive feedback and become inspired. Come play!

Ages 15-adult

3 WEDNESDAYS in July

(July 11, 18, 25)

2-4 pm

at the Fisher's Island Community Center

\$90 members / \$100 non-members
